Footnotes and important risk warnings

The FP WHEB Sustainability Fund was originally launched on 8 Jun 2009. Effective re-launch as at 30 April 2012 after the portfolio was transitioned to a new investment process by a new investment team.

¹The average holding period is calculated by the investment manager in accordance with the requirements of the UCITS V directive, and derived from fund turnover over the last 12 months as of the end of the reporting month, less all subscriptions and redemptions. This figure is adjusted so as not to double count buys and sells. It is then inverted so that, for example, 50% turnover would equate to a 2-year average holding period. The average holding period reported prior to 30th April 2019 was provided by the fund accountant, Apex Services.

²Active Share refers to the % overlap between the Fund and MSCI World Index weightings. Data as at 31st May 2020, source: Bloomberg.

³Data for Geographic and Market Capitalisation allocations are provided by Bloomberg. Data for Theme Breakdown is provided by Apex Services. Small differences in cash percentage figures may arise. Performance figures for the FP WHEB Sustainability Fund are calculated mid to mid. Index data are provided by MSCI Barra via Bloomberg, calculated using GBP. The MSCI World Index is quoted at month end with net dividends reinvested and without the deduction of any expenses (in contrast to the portfolio). The MSCI World Index is unmanaged and cannot be invested in directly.

⁴IA Global refers to the fund weighted average performance of the UK Investment Association Global equity sector peer group. Source FE Analytics.

⁵Effective from 2nd January 2020, we have introduced a single, fixed rate "Management Fee" which includes all of the costs and charges that were previously in the ongoing charges figure (or "OCF") of the Fund. As a result, various costs and charges associated with services to the Fund such as depository and custody, transfer agency, legal, audit and fund accounting charges are now paid out of the single, fixed rate Management Fee. For further information see: <http://www.whebgroup.com/fp-wheb-sustainability-fund-moves-to-a-single-fee/>

⁶The B Share Class is only available to Founder Shareholders. To be eligible as a Founder Shareholder in the B Share Class, an investor must hold at least £10m across the Fund's share classes. Upon attaining the Class B Shares Investment Target £100m, the Authorised Corporate Director has ceased admitting new Founder Shareholders.

Risks include: the price of shares ("Shares") in FP WHEB Sustainability Fund ("Fund") may increase or decrease and you may not get back the amount originally invested, for reasons including adverse market and foreign exchange rate movements. Past performance is not a guide to future returns. The Fund invests in equities and is exposed to price fluctuations in the equity markets, and focuses on investments in mid-sized companies in certain sectors so its performance may not correlate closely with the MSCI World Index (the Fund's benchmark). For full risks, please see fund prospectus on www.whebgroup.com.
